DevOps Engineer – Remote

Description

We're looking for a few talented engineers to join our team. We currently employ 100+ folks from around the world and we're still expanding!

Will you be next?

Responsibilities

We need hard working, super talented and self-motivated people.

You don't need to be an expert in all of the below, but we are looking for engineers that have experience with the following:

Containers – Docker, Kubernetes
AWS – EC2, ECS, Lambda, S3, RDS, etc
Digital Ocean
General Linux sysadmin experience
Python and/or PHP scripting experience
WordPress – this would be a huge bonus!
Security Management
SSO/Authentication – LDAP, SAML, Shibboleth, CAS, etc.

As a DevOps Engineer, you'll be working on our flagship products, making magic happen and helping take our services to the next level. You'll be assisting with large and complex WordPress sites for well-known organizations to our hosting environments. You'll work collaboratively with software developers to deploy and operate our systems. You'll help automate and streamline our operations and processes. You'll build and maintain tools for testing, deployment, monitoring, and operations. And you'll troubleshoot and resolve issues in our various dev, test and production environments.

If you're looking to build and scale tools used by millions of people all over the world, keep reading. ?

Qualifications

- You'll be experienced with EC2, S3, Lambda, Linux system administration and be a fast learner taking onboard and evolving constantly.
- A working understanding of PHP code to help interface our software with systems and fix inefficiencies
- Know WordPress – multisite, migrations, renaming, WP-CLI, object caching, and optimization for high-performance environments
- English language skills are important, but you don't need to be a Shakespearean actor or anything
- Available to work flexible hours when on-call

Job Benefits

- Offer very attractive working conditions for the right candidate
- 28+ days paid leave per annum (up to 35 days)
- Opportunities for paid travel to attend WordCamps and other industry

Employment Type

Full Time

Beginning of employment

Immediately

Working Hours

40 hours per week, days/time is flexible

Date posted

March 25, 2018

conferences
