CampusPress Site Specialist

Description

[CampusPress](#) offers an exciting opportunity for talented individuals to join our team as a CampusPress Site Specialist.

As a leading provider of WordPress solutions for educational institutions, we empower our clients with visually stunning and highly functional websites tailored to their unique needs.

Working with cutting-edge technologies and a supportive team, you'll have the chance to showcase your creativity, champion accessibility, and contribute to innovative projects that make a real impact. Join us in creating exceptional online experiences for educational communities worldwide. You'll be working on various WordPress projects across CampusPress, and Edublogs.

We're looking for a person who will be able to also work on weekends and is available to work on the following schedules:

- 1:30 am – 6:30 pm UTC

Responsibilities

- Utilize FSE themes and a carefully curated set of plugins to architect aesthetically pleasing and functional websites tailored to our client's needs.
- Showcase your creativity by crafting engaging and customizable templates within the Full Site Editing environment, contributing to the uniqueness of each project.
- Infuse accessibility into design aesthetics by expertly writing Custom CSS code, ensuring websites are not only visually appealing but also adhere to inclusive accessibility standards.
- Foster a collaborative environment by engaging in daily communication with the team. Provide regular updates on project progress, ensuring everyone is aligned and informed.
- Uphold the quality standards of our websites by meticulously conducting Quality Assurance (QA) checks. Ensure each site meets the highest standards of performance, functionality, and design.
- Showcase your innovation by implementing custom-made Gutenberg blocks, elevating the websites' functionality, and offering unique solutions to meet diverse client requirements.

Qualifications

Essential attributes and experience required:

- Demonstrated expertise in customizing WordPress websites using the Block Editor (Gutenberg).
- Hands-on experience with WordPress themes, plugins, and the overall WordPress ecosystem.
- Ability to collaborate with team members to troubleshoot and resolve technical issues related to WordPress websites.
